RESPONSE TO NOTICE OF MISSING REQUIREMENTS

Mail Stop Missing Parts
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This is in response to the Notice of Missing Requirements under 35 U.S.C. 371, mailed March 7, 2006. A Petition for Two Month Extension of Time accompanies this response.

The Notice of Missing Requirements indicates that the English translation of the application was defective in that the number of claims contained therein did not match the number of claims contained in the international application. Applicant submits that the number of claims in the translation of the application does in fact match the number of claims in the international application (both have a total of 11 claims). However, the Preliminary Amendment which was filed with the application incorrectly cancelled claims 1-10 and added new claims 11-20. Claims 1-11 should have been cancelled. Accordingly, Applicant submits herewith a revised Preliminary Amendment which correctly indicates the claim numbers.

Additionally, the Notice of Missing Requirements indicates that the Oath or Declaration of the inventors did not comply with 37 CFR 1.497(a) and (b) in that it does not identify the application to which it is directed. Applicant hereby submits a Declaration and Power of Attorney which has been executed by the inventor and which references the subject application.

The Commissioner for Patents is hereby authorized to charge the required fees in the amount of \$710.00 to Deposit Account No. 50-0951.

Respectfully submitted,

Date:

14 June 2006
